Resettlement from Muckamore

Resettlement means helping people move from a hospital to a new home in the community.

The Inquiry will look at whether the steps taken to resettle a patient were good enough.

For example:

- Supporting patients to move out when they were ready
- and helping them to move to a new home in the community.

Evidence heard so far

The Inquiry has already looked at what happened between 2nd December 1999 and 14th June 2021.

We now want to hear about resettlement that happened after 14th June 2021.

How can I help?

The Inquiry wants to hear from as many people as possible about their **resettlement experience** that took place from Muckamore Abbey Hospital **after 14th June 2021**.

We want to hear your story about **resettlement**. It does not matter

- who you are
- if you have a lawyer or not
- if you are a core participant or not
- how much or how little you want to share
- if your story is good or bad

The Chair has said that the information collected **will not** be formal and not held in a hearing room.

The Inquiry would like as many people as possible to come forward with **Resettlement** information.
